League Information 2010

Louisville Poker Society

General:

- The league and Main Event is for members only. Guests may play in tournaments, but they will not carry a score for their participation unless they become a member.
- Guests may only participate in 3 events per year.
- A player's season score will be calculated based on their best 6 individual tournament scores. There are a total of 10 league games, therefore the 4 bottom scores will be dropped.
- There are no attendance requirements, with the exception that a member must play in one tournament to earn entry into the Main Event.

Method of Scoring:

- The following formula will be used to determine the base score of each game:

  Total Number of Players – RANK + 1

  For example, with a 20 player tournament:

  1st place = 20 – 1 + 1 = 20 points
  2nd place = 20 – 2 + 1 = 19 points
  3rd place = 20 – 3 + 1 = 18 points
  …
  …
  20th place = 20 – 20 + 1 = 1 point

- 1 point will be award for each knockout you make during tournament play.
- 1st through 5th places will receive additional points, based on the following schedule:

  1st – 5 points
  2nd – 4 points
  3rd – 3 points
  4th – 2 points
  5th – 1 point

- The full equation for calculating score is (P – R) + K + B + 1 where:
  P is total players
  R is rank finished
  K is number of knockouts
  B is bonus for top 5 finish.
- Scores will be posted to the StatsGenie.com website in a reasonable amount of time following each tournament. (Usually within minutes)
- The player with the top score after the 10th tournament (there are no points awarded for the Main Event) will be declared Player of the Year.
